Annual Fund Campaign!

Dear Viewer:

Lincoln Crawford Nursing and Rehabilitation Center has embarked upon a monumental task of raising funds to renovate their Resident Dining Room. We, Reverend Donald Dixon, Donald Spencer, and Marian Spencer, have worked in past years to support Lincoln Crawford in their mission of providing the highest quality of care to their Residents. We are excited to work together to assist in this fundraising effort to improve the dining experience for their Residents.

The dining experience plays a vital role in the health and socialization of Residents. The environment should encourage Residents to experience their meals in a pleasant and social atmosphere. Three times per day Residents will have the opportunity to enjoy the Dining Room and the positive atmosphere will encourage Residents to take in more nutrition and improve their physical and psychosocial well-being. The renovation consists of several key elements to achieve the goal. New steel girders will be installed to replace load-bearing walls that inhibit the openness of the Dining Room. This improvement will enhance the use of the room for activities and community events. The removal of the "greenhouse" windows and the use of more home-like bay windows along with new heating and cooling mechanicals will greatly improve the comfort of the Dining Room. New flooring, finishes and furnishings will round out the improvements.

We urge you to reflect on this vitally important project and respond with as generous a gift as possible to help the Dining Room renovation become a reality. Your gift will have a positive impact on the quality of life for up to 100 Residents receiving medical care and support. With your financial assistance, we can ensure Resident dining comfort and safety now and for future generations. Please return the enclosed envelope with your gift. Thank you in advance for your generosity and may God bless you!

Sincerely,

The Reverend Donald G. Dixon

Mr. Donald A. Spencer

Mrs. Marian A. Spencer
